

 **Pomalyst**
(pomalidomide) capsules
1 · 2 · 3 · 4 mg

Getting My Medication

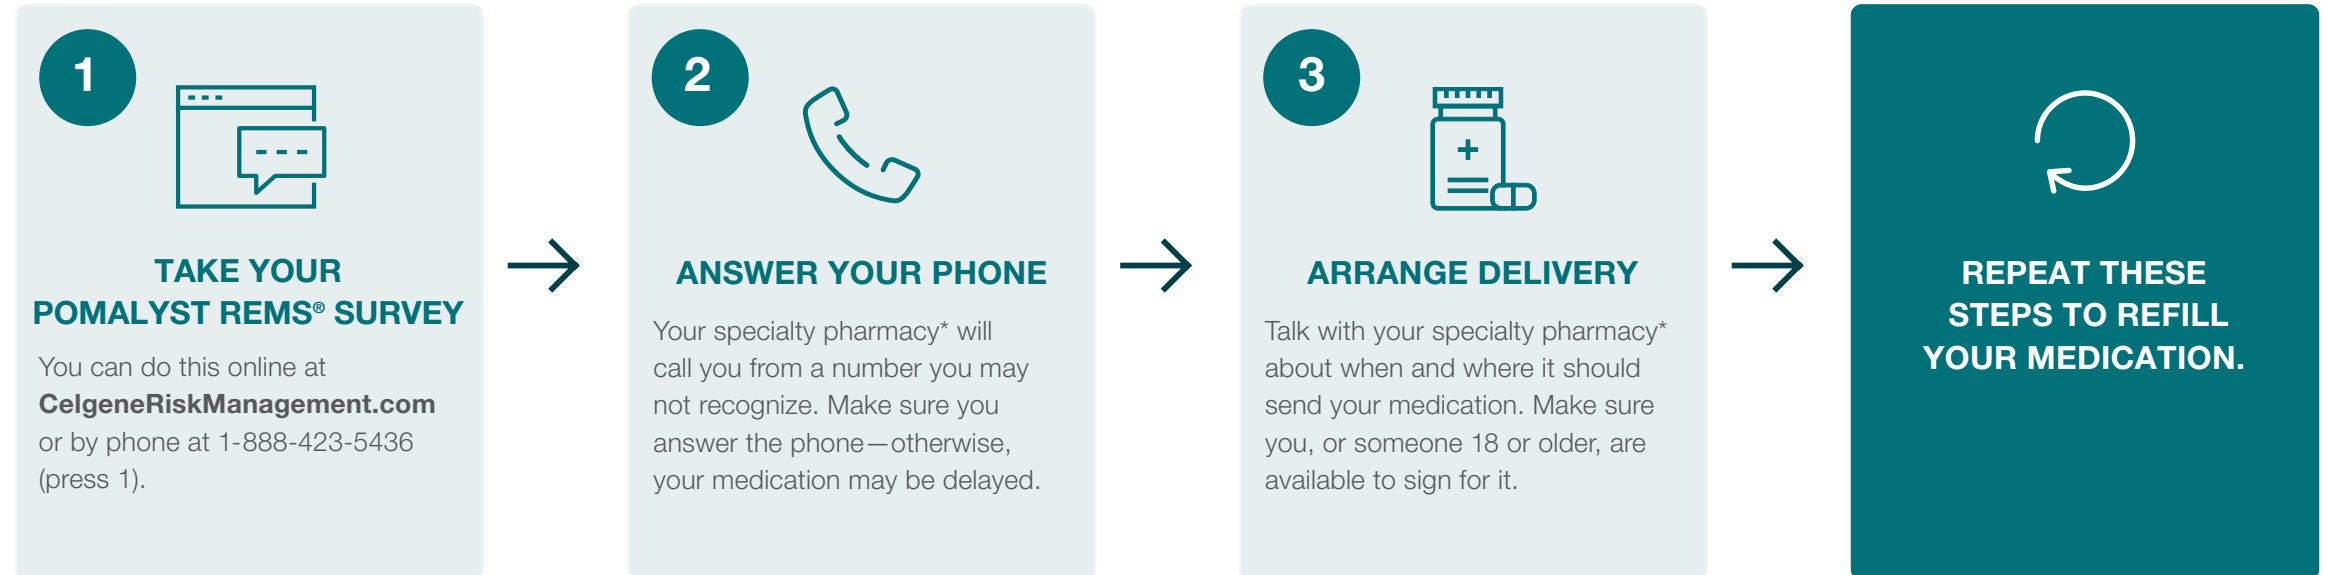

Follow the steps in this brochure to make sure you receive your medication.

POMALYST is only available through a restricted distribution program called POMALYST REMS®.

Please see full [Prescribing Information](#) for POMALYST including **Boxed WARNINGS regarding risk to unborn babies and blood clots, and [Medication Guide](#).**

How will I receive POMALYST® (pomalidomide)?

Specialty pharmacies handle and ship specific medications that aren't available at traditional pharmacies—like POMALYST. Once you complete your counseling and enrollment, you will need to take the following steps to make sure your specialty pharmacy delivers your medication:

REMS: Risk Evaluation and Mitigation Strategy

See pages 12-13 of the *My Disease & Treatment* brochure for more information on receiving treatment.

Please see full [Prescribing Information](#) for POMALYST, including [Boxed WARNINGS](#) and [Medication Guide](#).

*You may also have the option to receive your medication from the pharmacy at your physician's office.
